HOLIDAY HOMEWORK

CLASS - III

2025-2026

Dear Parents,

Vacation is an excellent time to learn new skills. It is a welcome break for the children to enjoy and explore things in their own way. Just the right time to let the children do some creative work.

Here are some interesting and fun-filled assignments for the children to learn and keep them occupied during the holidays. These assignments have been designed to ensure that the children enjoy and learn at the same time. To establish productive engagement during the holidays and continued academic growth, we have also designed a set of competency-based questions in English, Maths & EVS, as part of the holiday homework. The responses should be filled in the OMR sheet provided for each subject.

We encourage the students to complete the homework independently, with minimal guidance, to build confidence and ownership of their learning.

Let's work together towards the betterment of the students.

Happy Holidays!!

Warm Regards

DPS Vasant Kunj
