

# Cambridge Programme

We at Delhi Public School, Vasant Kunj believe in the holistic development of the children. We feel delighted to announce that our school has collaborated with the Cambridge Assessment International Education to give our students access to a world-class education and learning environment. We are pleased to inform that we now offer Cambridge Early Years (Nur-Prep) and Cambridge Primary Grades 1-2. The school proposes to offer Cambridge Primary Grades 3-5, Cambridge Lower Secondary Grades (Grade 6,7,8), and IGCSE & A Level in the years to come.

The Cambridge programme prepares students for life, helping them develop an informed curiosity and a lasting passion for learning. It is a part of the world-renowned University of Cambridge, U.K. and is among the world's leading providers of International qualifications and assessments. Over 10,000 schools in more than 160 countries offer Cambridge programmes and qualifications. Every year, nearly a million Cambridge learners prepare for their future with an education from Cambridge International.

## Cambridge Pathway-A guide for Parents

Cambridge International prepares school students for life, helping them develop an informed curiosity and a lasting passion for learning.

Cambridge develops learners who are-

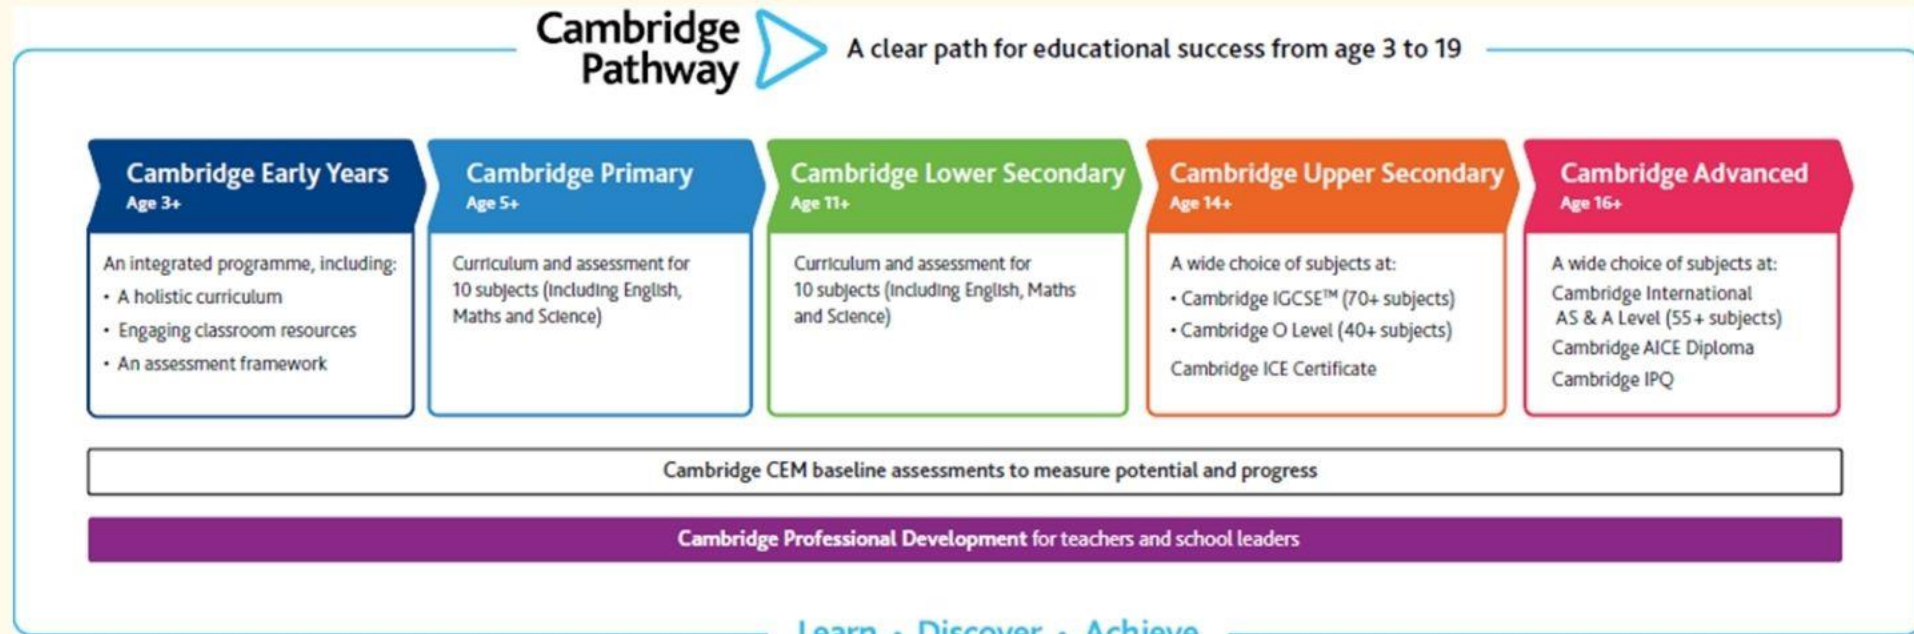

# Cambridge Pathway

Cambridge Pathway gives students a clear path for educational success from age 3 to 19. The five stages of Cambridge Pathway lead seamlessly from early years to primary to secondary and pre-university years. Each stage builds on the learners' development from the previous one, but can also be offered separately.

At the end of the Cambridge Upper Secondary and Cambridge Advanced stages, your child can achieve globally recognised qualifications like Cambridge IGCSE™ or Cambridge International AS & A Level.

### **Benefits for your child**

We believe education is most effective when curriculum, teaching, learning and assessment are closely aligned. Cambridge Pathway helps students develop the deep subject knowledge, conceptual understanding and higher order thinking skills that they need for success at school. The programme helps the learners not only achieve knowledge and skills, but also helps them to learn the key concept of each subject, in depth so they understand them inside out.

### **Opening up opportunities worldwide**

Cambridge students can be confident that their qualifications are understood and valued throughout their education and career, in their home country and internationally. Every year thousands of students use Cambridge qualifications to gain places at leading universities worldwide. Over 1500 universities recognise our qualifications, including more than 600 universities in the US (including all the Ivy League) and all UK universities. Students can easily find out which universities worldwide accept Cambridge qualifications by searching our online database at [www.cambridgeinternational.org/recognition](http://www.cambridgeinternational.org/recognition)

### **A global learning community**

With the Cambridge Pathway, your child is joining a global community of learners from more than 10,000 schools in over 160 countries. By developing a global outlook in Cambridge learners, we aim to equip them for success in the fast-changing modern world.
