

DELHI PUBLIC SCHOOL, Vasant Kunj New Delhi

The background features a stylized beach scene. At the top left, there is an orange and white checkered pattern representing a beach umbrella. The top half is a light tan color representing sand. The bottom half is blue with white-capped waves representing the ocean. On the right side, there is a green palm tree and a red and white lifebuoy. A small red starfish is visible in the water.

Cambridge Grade 3

Summer Vacation
Holiday Homework
2024-25

Dear Parents,

Vacation is an excellent time to learn new skills. It is a welcome break for the children to enjoy and explore things in their own way. Just the right time to let the children do some creative work.

Here are some interesting and fun-filled assignments for the children to learn and keep them occupied during the holidays. These assignments have been designed to ensure that the children enjoy and learn at same time. We would appreciate if the children do the assignments on their own. Help and guidance may be given wherever required.

Let's work together towards the betterment of the students.

Happy Holidays!!

ENGLISH

Make a scrapbook and do the following activities:

1. Find out about Chinese New Year, for example what food people eat, what special clothes they wear, if there are special decorations, etc. You can look for pictures and write a few sentences about it.

2. Choose a game you know, write a few simple instructions and draw a picture to illustrate the game.

3. Look for rhyming pairs in the learner's book, you may use the picture dictionary on page 161 for help. Try and write a simple poem on any topic of your choice.

4. Read Chapters 1-5 from Ms. Sudha Murty's book - 'The Bird with the Golden Wings'.

हिन्दी

- 1.वर्ष के बारह महीनों पर आधारित एक घड़ी बनाइये।
- 2.अपनी सुलेख काँपी में 15 दिन तक सुलेख लिखिये।

SCIENCE

Time to wear your thinking cap and become a **YOUNG SCIENTIST**

1. **SCREEN PUPPET** - Make a screen using cardboard box and greaseproof paper. Compose a short story using your imagination and depict it with the help of stick shadow puppets.

2. BE A BUILDER - Build a house model using transparent, translucent and opaque materials wherever needed.

3. PLASTIC CUP LANTERN - Make 2 plastic cup lanterns by decorating the cup and placing an electric candle inside for a light source.

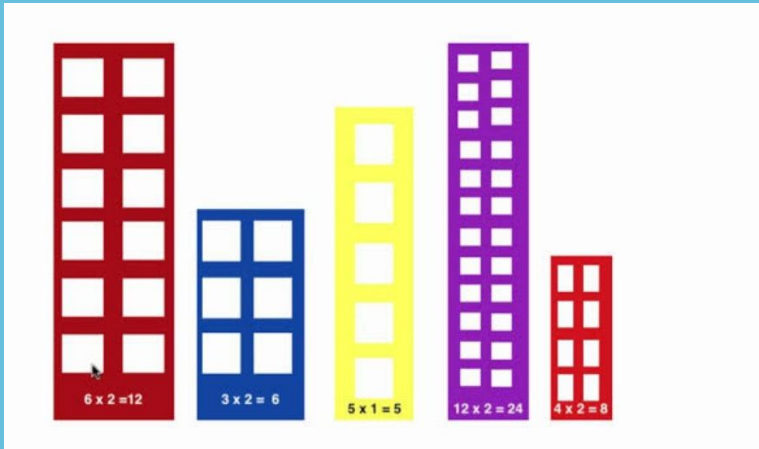

4. Revise the topics done till now.

(Note - Images have been attached for the reference, use your own creativity.)

MATHEMATICS

BUILDING A MATHEMATICAL CITY

1. Take any 10 multiplication facts. Show it with multiplication arrays. Build a city using these.

Be creative in building the city. You can name the buildings and the city as well.

2. VISIT TO A GROCERY STORE

Visit a grocery store with your family and buy any 5 household items which are needed. These items can be food items as well. Ask for a bill from the cashier and paste the bill on any A4 size coloured sheet .Then, answer these questions :

- a) What is the total cost of the bill?
- b) Which is the most expensive item which you bought? What is its price?
- c) Which is the least expensive item which you bought? What is its price?

THANKYOU
